

Section 3, Remarks:

The Claims have been amended to correct errors on page 14 of the Specification as filed in which two different claims were labelled as claim 3, resulting in a total of 21 claims, when only 20 claims were intended. To correct this error, the first Claim "3" has been amended; the second Claim "3" has been cancelled.

Even though the Section 2 began on a separate page, apparently the statement of status of the claims is considered as extraneous matter by this Group. Accordingly, this Preliminary Amendment is being resubmitted.

Conclusion:

Entry and consideration of the amendments is respectfully requested.

Respectfully submitted,
Jacques M. Dulin, Applicant
